The accurate and timely submission of examination entries to Awarding Organisations is critical to the successful delivery of Tutors & Exams South Africa's service to candidates. Entries received after the deadlines can disrupt carefully scheduled processes and ultimately jeopardise the provision of examination papers and delivery of results. Late entry fees are therefore applied to recover the costs associated with the additional processing requirements, additional fees levied by the Awarding Organisations and to promote the submission of entries by the advertised closing dates. Late entry fees will not be refunded.
